Announcing the Updated and Completely Redesigned U.S. Aluminum Architectural Systems Catalog USAL12

U.S. Aluminum (USAL), a division of C.R. Laurence (CRL), has just updated its catalog of products. Tom Harris, President of USAL, states, "We believe that it is very important and timely to make available to USAL and CRL customers an updated and exceptionally useful

catalog of all USAL products. With the GlassBuild USA trade show coming up so soon after our purchase of USAL, we got right to work on updating and improving USAL's entire range of literature. This new USAL catalog will be available from the CRL and USAL booth (#1423) at GlassBuild, and upon request after the trade show just by contacting either USAL or CRL customer service."

USAL12 features up-to-date information including:

- Unique New High Performance, Triple-Glazed Curtain Wall System Model HP3253
- New Windows Including Model 7600 Concealed Vent
- New Defender Series Blast Mitigation Systems
- Flyers and Brochures for Every USAL System and Product Family

USAL's 11 service center and manufacturing locations are located across the U.S. and Canada. Technical and fabrication specialists are on call to answer your questions about any of these systems, and can be reached through a national toll free phone number (800) 262-5151. For more information you're also invited to visit usalum.com. USAL is a division of C.R. Laurence, a leading global manufacturer and supplier to the glazing, architectural, railing, construction, industrial, and automotive industries. Its web site is a proven resource for the worldwide glass and glazing industry at crlaurence.com.
